

Lorenzo Kunze, M.E.

Medical Aesthetic Educator – Visionary

My initial goal 45 years ago was...merging aesthetic applications and medical procedures with the newest technology available.

As an independent medical and aesthetic provider, educator, and consultant, I am presently working extensively with aesthetic medical facilities and manufactures around the world.

As a skin expert, I continue to treat patients, learn new techniques, and educate professionals on procedures and the newest trends.

My years of experience has provided me the honor and ability of consulting with many medical facilities utilizing many types of lasers, plasma skin (oxygen, RF ignited, nitrogen N₂, helium He), micro-needling (PRP), vampire peel, IPL, High and Low RF (radio frequency).

Throughout my career, I have acquired a perceptive vision on the direction that the aesthetic and medical field may be going. As a true pioneer in aesthetic and medical laser applications, I have accomplished several achievements:

- Worked in Aesthetics, Electrology, Dermatology, Plastic Surgery and Aesthetic Medicine
- Fellow of the American Society for Laser Medicine & Surgery
- Certified Medical Educator (Department of Higher Education)
- Certified Aesthetic Educator (Private Occupational Schools)
- Assisted in developing equipment, such as: ThermoLo - ThermoCLEAR (low/high RF)
- Chromos (modified Fractional CO₂), Ti10 - tighten (medical Plasma Pen)
- One of the first in the U.S. to utilize lasers for medical permanent hair reduction
- Purchased over 100 lasers for hair/vein/tattoo and skin procedures via 30 clinics
- Founded the worlds 1st medical aesthetic laser college (Private Occupational Schools)
- Taught weekly CEU seminars to ≈ 15,000 (+) professionals throughout the US
- Marketed IPL and lasers for Palomar Laser ≈ \$2M+ gross sales (1996-1997)
- Marketed lasers for Candela Laser ≈ \$8M+ gross sales (1997-2003)
- Marketed lasers for Cynosure Laser ≈ \$10M+ gross sales (2003-2009)
- Marketed lasers for Quanta Laser as a laser instructor and medical educator (2009-2012)
- Worked with top medical physicians (world-wide) over the past 45+ years
- Operating Room (OR) privileges in several medical hospitals as a non-medical professional

Consistently instrumental in creating, managing and assisting with medical and aesthetic protocols, applications and equipment. All of which can, has and will enhance the aesthetic medical profession. I have been involved in structuring proper management (ethics), CEU's and treatment programs for the aesthetic, medical and allied health field.

“Providing a Guiding Light for Medical and Aesthetic Professionals”

Lorenzo Kunze, M.E.

Medical Aesthetic Educator – Visionary

Objectives:

Now is a very special time in the lives... of medical and cosmetic professionals - as consumers are requesting, desiring and needing cutting edge technology. Skin reGENeration and anti-aging procedures are now a common request and professionals in the industry are finding it necessary to be properly trained on the newest equipment available. If the elite are going to survive and/or succeed in our everyday work place they need the proper equipment and accurate education.

Educating professionals how to manage their facility, utilize the proper equipment correctly and learning proven techniques can and always produce a better outcome.

Having devoted over 45 years building a career consisting of: proper training, effective procedures and seeking out the newest state-of-the-art equipment. By managing, teaching, and associating with aesthetic and medical educators' and professionals, I have been able to train and/or educate over 15,000 professionals worldwide.

Endeavored to be on the cutting edge of aesthetic medical technology, cosmetic advancements and procedural applications and at the same time educating and serving the public. Patients recognize the psychological and physical rewards that are produced from our works. Proper knowledge will establish in us an outstanding image, impeccable credibility and the long-lasting confidence that makes it all worth providing.

My lifetime objective is to... live life to its' very fullest with an equal balance in my family, my beliefs and my works (because of my imperfections...they are not always in that order)!

Professional Experience:

- 2017 – Present / **Skin Plasma Group Inc.** – Volunteer Researcher – Plasma Skin Expert - Extensive exploration on plasma reGENeration process. Non-surgical blepharoplasty, wrinkle reduction protocols, procedures and equipment. Providing clinical studies and evaluations under medical supervision in Europe, U.S and Canada.
 - *Ti10 (tighten)* – Oxygen ignited epidermal Plasma Pen - (USA)
 - *NeoGEN PSR* - Nitrogen gas/N2) + Radio Frequency/RF - (UK) – FDA Approved
 - *Plexr Plasma* - Radio Frequency/RF - (GMV Rome Italy / Athens Greece)
 - *Plasma Pen by Louise Walsh* – Radio Frequency/RF (Germany)
 - *Plamere / Plaxpot* - Radio Frequency/RF - (South Korea)
 - *Jett Plasma* - Radio Frequency/RF - (Czech Republic)
 - *Fibroblast* - Radio Frequency/RF - (UK)
 - *Purebeau* - Radio Frequency/RF - (UK)
 - *J Plasma* - Bovie - Helium gas/He (USA) - FDA approved
- 2015 – Present / **Ageless Expressions MedSPA** – Medical Skin Expert - Plasmatologist
 - Consultations / Treatments – *Fractional CO2* Re-JUVENATION – FDA Approved
 - Consultations / Treatments – *NeoGEN* Plasma Skin ReGENeration - FDA Approved
 - Consultations / Treatments – *ThermoCLEAR* low/high RF - FDA Approved

Lorenzo Kunze, M.E.

Medical Aesthetic Educator – Visionary

- 2010 – 2018 / **Chromos, Inc. (sold 2018)** – Founder and Owner - Online Laser Mentoring
 - In-House Laser Applications for Skin Resurfacing, Rejuvenation and Remodeling
 - Distribute: *Chromos Fractional CO2 Laser* – Chromos LED
 - Distribute: *ThermoCLEAR Radio Frequency* – (FDA/ISO)
 - Certified Training to professionals on most Laser Equipment and Procedures
- 1996 – 2015 / **ThermoLo (sold 2015)** – Founder and Owner - presently *ThermoCLEAR*
 - National Educator and Exhibiter Speaker - USA - Sherman Oaks CA
- 1996 – 2009 / **RML College Inc. (sold 2009)** – Founder, Owner and Laser Professor
 - DPOS - *Department of Higher Education, Private Occupational Schools*
 - Advisor in Rule 800, allowing non-medical professionals and MD's to work together
 - 1st state certified medical/aesthetic laser college in the US
