Medical and Aesthetic Laser Educator – Visionary

*I am presently an independent medical provider, educator, and consultant. I work extensively with aesthetic / medical laser facilities around the world. I have the honor of working at 3 medical facilities in the Denver Metro Area providing skin procedures (LaserLaser), body contouring (SculpSURE) and laser hair restoration (Chromos). As a skin expert, I continue to treat patients/clients and educating professionals on procedures and the newest trends.*

*Throughout my career, I seem to have a perceptive vision on the direction that the aesthetic and medical field may be going. As a true pioneer in aesthetic and medical laser applications, I have accomplished several achievements:*

- Worked in Aesthetics, Electrology, Dermatology and Plastic Surgery field for over 40 years
- One of the first in the U.S. to utilize a laser for aesthetic purposes (1996 / 30 clinics)
- Purchased 1<sup>st</sup> laser for hair / vein / tattoo reduction and skin rejuvenation (100+ lasers)
- Founded the worlds 1<sup>st</sup> medical / aesthetic laser college - trained over 4500 medical aesthetic professionals around the U.S since 1971
- Worked 2 years (1996-1998) with Palomar as a true pioneer in the laser profession
- Worked 7 years (1996-2003) with Candela as a laser instructor and medical educator
- Worked 6 years (2003-2009) with Cynosure as a laser instructor and medical educator
- Worked 3 years (2009-2012) with Quanta as a laser instructor and medical educator
- Taught weekly medical seminars to 5,000 (+) physicians throughout the US (1996 – 2003)
- Worked with top medical physicians over the past 40 years: James Swinehart, David Charles, Linda Huang, Ron Tegtmeier, Stephen Eubanks, Brian Aikin, Charles Zwerling, Lester Cramer, Hubert Lam, Jonathan, Lee, Brian Willoughby, Thomas Castellano, Jill Soyhada, Kenneth Petri, Ben Zimmerman II, Dennis Kotelko, Mike Sarti, Gary Berger
- Operating Room (OR) privileges in a medical hospital as a non-medical professional

*I have been instrumental in creating, managing, building and assisting in medical and aesthetic protocols, applications and equipment. All of which can, has and will enhance the aesthetic/medical profession. I have been involved in structuring proper management (ethics), CEU's and treatment programs for the aesthetic, medical and allied health field.*

Medical and Aesthetic Laser Educator – Visionary

## Objectives:

Now is a very special time in the lives of medical and cosmetic professionals - as consumers are requesting, desiring and needing cutting edge technology. Skin procedures are now a common occurrence and professionals need to be properly trained on state of the art equipment, if they are going to survive and/or succeed in our everyday work place.

Educating professionals how to manage their facility, utilize the proper equipment correctly and learning proven techniques can and always produce a better treatment.

Having devoted over 40 years building a career consisting of: proper training, effective procedures and seeking out the newest state-of-the-art equipment. By managing, teaching, and associating with aesthetic and medical educators' and professionals, I have trained and certified over 4500 professionals worldwide.

I have endeavored to be on the cutting edge of aesthetic/medical technology, cosmetic advancements and procedural applications and at the same time educating and serving the public. Patients/clients recognized the psychological and physical rewards that are produced from our works. Proper knowledge will establish in us an outstanding image, impeccable credibility and long-lasting confidence that makes it all worth providing.

**My lifetime objective is to...live life to its' very fullest with an equal balance in my family, my beliefs and my works (because of my imperfections...they are not always in that order)!**
